Celebrate Restorative Justice Week with Us!!

Restorative justice week takes place from November 13-20 in 2011. In honour of this Year's theme: *Re-visioning Justice*, Touchstone Family Association is happy to invite the community to a viewing of the video "Planting the Seeds." This video was produced by the RCMP and features a real community justice forum that took place in British Columbia.

Participants will also have an opportunity to explore what the Richmond Restorative Justice Program has to offer to the community, and how a restorative justice approach can be applied and implemented within existing systems: justice, education, corrections, health, and all other systems in our society.

Restorative justice is a non-adversarial, non-retributive approach to justice that emphasizes healing in victims, meaningful accountability of offenders, and the involvement of citizens in creating healthier, safer communities.
